EXPERIENCE

Director of Software engineer

2020-01 – Present

TechCorp Solutions • New York, USA

- Led development of microservices architecture, improving system scalability by 300%
- Implemented CI/CD pipelines reducing deployment time from 2 hours to 15 minutes
- Mentored team of 5 junior developers, conducting code reviews and technical training
- Collaborated with product managers to define technical requirements and sprint planning
- Reduced application load time by 40% through performance optimization

Senior Software engineer

2015-01 – 2020-03

InnovateTech Inc. • San Francisco, USA

- Developed RESTful APIs serving 1M+ daily requests with 99.9% uptime
- Built responsive web applications using React and TypeScript
- Integrated third-party services and payment gateways
- Participated in agile ceremonies and contributed to sprint planning

Software engineer

2010-12 – 2015-12

CloudWorks Systems • Chicago, USA

- Contributed to codebase maintenance and bug fixes
- Assisted senior developers with feature implementation
- Wrote unit tests improving code coverage by 25%

Director of Software engineer

—

- Led development of microservices architecture, improving system scalability by 300%
